Jarrett,

I took a call around 11:30 this morn from Wanda Garrison(865-661-7763) of 710 Raccoon Valley Rd who complained about the smoke and smell from a slaughterhouse incinerator in her neighborhood, in Maynardville near Hwy 61. Tom heard me talking with her and explained that you were up there this morning, so I gave her your number and promised to have you call her when you get into the office this afternoon to explain what you found up there this morning. Please give her a call when you gt time this afternoon.

Thanks,

RAS
